On May 1, 1991, Jim was appointed to lead the unit after which he selected the personnel for the police department's first ever SWAT unit. Jim served as the unit commander until 2000 and his direction established the standard for future SWAT members and leaders.

Jim commanded numerous divisions during his career including Criminal Investigations, Administrative Services, Special Operations, Detention Services, and spent several rotations leading patrol shifts as a Patrol Commander. Jim was often looked to for direction and guidance in the Police Department because of his expansive experience and knowledge. His ability to provide quality and calm leadership in all situations was a valuable resource for the police department.

Jim and his wife Vickie will be married 37 years this November and are the proud parents of Daniel and Torie. Outside the police department, Jim has spent a great deal of his personal time as a basketball coach in various North Texas leagues.

Mr. Speaker, on behalf of the 24th Congressional District of Texas, I ask all my distinguished colleagues to join me in thanking Jim Grayson for his 35 years of public service.

HONORING MR. JACK REVELLE

HON. LORETTA SANCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, April 26, 2013

Ms. LORETTA SANCHEZ of California. Mr. Speaker, on January 24, 1961, a B52 Stratofortress was flying a patrol path when it crashed into a field outside of Goldsboro, North Carolina. As it crashed into the field, the aircraft's bomb bay doors opened releasing two nuclear bombs from the bay.

In the midst of a possible nuclear disaster, Mr. Jack ReVelle received a phone call from a squadron commander notifying him that there was a crash. Mr. ReVelle, a munitions expert, immediately flew into Seymour Johnson Air Force Base, where he was transported to the crash site. When Mr. ReVelle reached the crash site, he found one bomb hanging on a tree but the second bomb had been buried under a deep puddle of mud.

Fortunately, Mr. ReVelle identified that the first bomb was on safe switch mode, imposing no imminent threat. However, the second bomb was missing and became a part of history as a "Broken Arrow". There was great fear that this missing bomb would detonate and it took several days for Mr. ReVelle and his team to find the second bomb. Once found, Mr. ReVelle risked his life in order to defuse the nuclear bomb by taking out the core of the bomb while still buried in the mud. After the core was successfully taken out, the ARM/SAFE switch was located and it was confirmed that the switch was on the ARM position. If Mr. ReVelle had not shown such bravery, this nation would have endured an Mk-39 nuclear bomb explosion, yielding a 3.80 megaton effect obliterating everything and everyone that was in its radius.

I am proud to recognize and honor Mr. ReVelle as a true American hero. This nation

is grateful for Mr. ReVelle's courageous efforts to protect the American people from a devastating nuclear bomb.

DOMINICAN MEDICAL ASSOCIATION SIXTEEN YEAR ANNIVERSARY

HON. CHARLES B. RANGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, April 26, 2013

Mr. RANGEL. Mr. Speaker, today I stand to recognize the 16th anniversary of The Dominican Medical Association. An organization dedicated to providing information on disease prevention, education, and counseling to New York City communities.

The Dominican Medical Association or DMA was founded on April 26, 1997, by a group of physicians from the Dominican Republic. Their mission has been to educate communities on health issues and to assist newly arrived physicians from abroad in obtaining jobs in their respected fields, providing them with the tools needed to pass the medical boards, and integrating them into the local medical community.

Last year was one of multiple accomplishments for the Dominican Medical Association. In line with its mission a total of 1119 people were served through health fairs, medical conferences, forums, symposiums, and trainings. The vast majority served through the DMA are Hispanics living throughout all of New York's boroughs.

Information and knowledge on health is vital. My beloved village of Harlem and many areas of my district are predominately inhabited by minorities who have been affected by many health concerns that are the direct result of lack of knowledge on preventative care. Obesity is just an example of one of the diseases that has plagued our communities but it is an epidemic that can be stopped and the DMA works tirelessly and has worked for quite some time to be a part of this movement to get our communities on a healthy track. The DMA's outreach programs help to enlighten our communities, helping them to make better health conscious decisions about the way they live.

As the representative to the largest Dominican population in the country it gives me great pride to see a thriving organization not only rooted in that heritage but one that works to provide information for a predominantly Hispanic demographic. The youths of my district and those all over New York have a brighter future because of organizations like the DMA and their mission to spread knowledge and awareness.

Mr. Speaker I ask you and my colleagues to join me in honoring this remarkable organization and all of the good that they do.

TRIBUTE ON THE OCCASION OF BISHOP J. DREW SHEARD'S ASCENSION TO THE GENERAL BOARD OF THE CHURCH OF GOD IN CHRIST

HON. GARY C. PETERS

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Friday, April 26, 2013

Mr. PETERS of Michigan. Mr. Speaker, I rise today to recognize my friend, Bishop J. Drew Sheard of Greater Emmanuel Institutional Church of God in Christ in Detroit, Michigan, as his family, friends and congregation celebrate his ascension to the General Board of the Church of God in Christ.

As the son of minister Bishop John H. Sheard, J. Drew Sheard accepted the teachings and salvation of Christ early in his life. He later heeded the call to the Ministry and was guided by his father to develop his leadership skills. The lessons he learned as he worked diligently in his local church are ones that he has carried with him in service to both the Greater Detroit region and the Church of God in Christ's international organization.

Bishop Sheard was called to the Pastorate of Greater Emmanuel in 1988, a time of challenge for the congregation. Bishop Sheard immediately got to work, organizing and mobilizing the small but devoted membership of his congregation and as a result, the congregation began to grow significantly. As the pastor of Greater Emmanuel, Bishop Sheard has implemented a number of new and innovative programs, which include a TV ministry, an annual Youth and Women's Conference and Greater Emmanuel Men's Society. These programs more actively engaged the congregation in the community, strengthening the social fabric of the Southeast Michigan region. Bishop Sheard has also emphasized the importance of working with other denominations to provide programs that serve the community and offer support to those in need, which has earned him a reputation as a leader that is capable of building bridges within the Greater Detroit community.

While serving as pastor to Greater Emmanuel, Bishop Sheard has also been an active
